

This sheet is intended to help teachers give assignments that can be given to students to work on from home that can be evaluated while out of school.

Students can research topics listed and teachers can add or remove topics that are appropriate to the students' grade level.

The works can be pieces that have been performed or were being rehearsed for performances that may or may not occur.

Other works teachers believe are important selections of the repertoire can also be selected.

Many scores are available on line and can be viewed for evaluation purposes.

Title of work _____

Composer and/or arranger – research and report on biographical information.

Search and provide the following information:

Time signature (s): indicate what time signatures are used and what the time signature indicates
